

# SLK Chronograph

The SLK is our multifunction wrist instrument for timing any sport. Special functions include 2 alarms, a precision stopwatch, countdown timer and dual time. All functions are easy to use and the large dual-digital display shows the time of day in all modes. The bright Powerglo backlight illuminates the entire display at the touch of a button and the solid titanium case is naturally non-allergenic. The SLK sets the standard for digital sports watches, offering strength, comfort and reliable waterproof performance.
