

Transformer ti: Light powers this amazing new movement. A high technology battery and charging systems so advanced that you will never worry about battery changes again.

The Transformer ti is our answer to the perpetual motion machine. This amazing watch charges itself in any light and ensures quartz-accurate time-keeping, year after year, without battery changes. The revolutionary titanium-lithium-ion battery will even power the watch for up to 6 months in total darkness (3 months for small size model). Simple, elegant and easy to read in any light conditions, this watch comes in a 200M / 660FT tested, solid titanium case for maximum strength and lightweight comfort on the wrist.

La Transformer ti représente la plus récente technologie de l'horlogerie moderne et une révolution écologique. Dotée d'une pile titane-lithium-ion permanente qui se recharge sous n'importe quelle lumière, elle vous assure la précision extrême d'une montre électronique à quartz, mais sans aucun changement de piles (A pleine charge, elle offre une autonomie de fonctionnement de 6 mois, y compris dans l'obscurité la plus totale.) Le cadran et les aiguilles ont un design simple et lisible en toutes conditions. Le boîtier monobloc, taillé dans le titane et équipé d'une couronne vissée, est testé étanche à 200M et extrêmement léger au poignet.

Dimensions:

Large Size / Taille d'unisex

a	41.17 mm	1.6205"
b	44.53 mm	1.7530"
c	38.50 mm	1.5160"
t	11.11 mm	0.4370"

Band Width / Entrecorne: 20.00 mm

Small Size / Petite Taille

a	31.24 mm	1.2300"
b	33.23mm	1.3085"
c	28.86 mm	1.1360"
t	09.63 mm	0.3800"

Band Width / Entrecorne: 14.00 mm

Technical Information

Model Name.....	TRANSFORMER ti
Technology.....	Quartz analogue
Functions.....	HH, MM, SS, DATE
Display	Analogue with Blackout Superluminous
Power.....	Solar Cell Recharging system with Lithium-Ion-Titanium rechargeable cell
Case	Solid Titanium, screw back, unidirectional ratchet bezel, screw-down crown
Crystal.....	Heat-tempered, anti-glare Mineral glass or optional Sapphire glass (Sapphire glass is standard on S-Series models)
Finish.....	Matte Titanium
Water-resistance	200M / 660FT, Code Black
Dial Colours	Black, White (grey)
